## WORK EXPERIENCE

### Web Designer & Founder

Code Blueprint • 2020 - Present - <https://codeblueprint.co>

- Established and currently manages a web design business, providing comprehensive WordPress website solutions to over 25 small businesses.
- Collaborates with clients to understand their vision, requirements, and goals, translating these into functional and aesthetically pleasing websites.
- Oversees all aspects of website design, website hosting, and ongoing management, ensuring high levels of client satisfaction and repeat business.
- Handles customer service and technical support, resolving any issues promptly and effectively.

### Photographer & Founder

The Firebrand • 2018 - Present - <https://the-firebrand.com>

- Established and supports a photography business that provides high quality professional Real Estate Media services to over 100 Real Estate Agents in the Tulsa Area.

## OTHER PROJECTS / EXPERIENCE

### AI Powered Mobile Application

It's Story Time • 2023 - Present - <https://codeblueprint.co/its-story-time>

- Developed an AI powered mobile app all the way from initial concept/idea to design, functionality, and publishing.
- Set up user authentication and backend database via Firebase.
- Passes state through multiple screens for an interactively driven story creation process.
- Integrated the app with OpenAI GPT, DALL-E 3, & Whisper.
- Navigating challenges including: ensuring the suitability of AI-generated content, optimizing user interface for a child-friendly experience, and managing data, payment systems, and user accounts with Firebase.
- Successfully recruited 45 beta testers and gathered necessary feedback for preparing the app for full release.

### Board Member

Coweta Chamber of Commerce • 2022 - 2023
